# Fulton City Takes District Grid Title

CADIZ, Ky. — Fulton City scored the first time it had possession of the ball and never looked back in waiting to a convincing 30-6 victory over Trigg County here Friday night, wrapping up an undefeated, untied season and the Class A, District 1 championship for the Bulldogs.

Fulton, coached by first-year mentor Larry Shanks, will meet District 2 tidist Glasgow next Friday night for the Regional crown.

Trigg County assistant coach Jim Wallace said Fulton was "by far the finest Class A team we have faced this year." He added that the Bulldogs' excelled in all phases of the game — defense, running, blocking and passing.

Fulton stars Dave Peebles and Bill Smith continued to stand out in their specialties.

Peebles carried 16 times for 90 yards and a season total of 1,450

yards. He scored two touchdowns to run his season total to 21, tops in the area.

Smith connected on 11 of 17 aerials for 188 yards and two touchdowns. The performance left him with 18 touchdown passes for the year, also tops in the area.

After holding Trigg County following the opening kickoff, Fulton took over on its own 33-yard line and drove 67 yards for a score with 6:01 to go in the first period, with Smith taking it over from the one.

The Bulldogs again held the Wildcats and Fulton's Dave Winston grabbed the punt on his own 42 and pulled up seconds later in the enemy end zone with 3:53 showing on the clock in the first quarter.

The game slowed down early in the second stanza, so Smith took to the air and hit Peebles with a 23-yard scoring pass midway through the period. Peebles scored again on a one-yard plunge with 19 seconds left in the half to give Fulton a 24-0 halftime advantage.

With the outcome no longer in doubt, the teams battled to an even 6-6 draw in the second half. Trigg scored its only touchdown of the night on a 55-yard run off tackle by fullback Jerry Wilson.

With 10:53 left to play, Smith spotted end Kim Homra open and hit him on a 35-yard scoring pass play for the final tally.

Both teams had kicking difficulties and neither was able to score a conversion.

The statistics praise Fulton's domination of the game. The Bulldogs held an 18-9 advantage in rushing. In the passing department, Trigg County trailed 188 yards to 49 for the winners.

Trigg County, coached by Ken Barrett, is the defending district champion. The Wildcats finished 3-3-0 in district competition and 3-6-0 overall.

Fulton compiled the only perfect record in West Kentucky at 9-0-0.

## Bard Is Named Top Athlete

This week, The Messenger has selected South Fulton's Bill Bard as the Obion County Athlete of the Week.

Bard is a fullback with the desire to hit, and he played a good game of football in the South Fulton win over Obion County Central last Friday night.

Bard repeatedly carried the ball and ground out yardage against the Central line. Central keyed South Fulton's Bob Boyd early, and Bard made enough good runs that the Central defense had to loosen up and this allowed South Fulton to spread its offensive punch to a greater degree.

THANK YOU, MR. OWENS... Dr. Harry M. Sparks, president of Murray State, accepts a diesel Ford Power Train from Bill Owens, zone manager for the Ford Motor Company. Looking on are Dr. H. L. Oakley, dean of the School of Applied Sciences and Technology, Larry Schaffer, Reidland, and Earl Forsee, Murray Ford dealer. The tractor will be used for demonstration purposes to show Ag students the proper way to repair and maintain a tractor.

## Murray University Accepts Diesel Ford Power Train

A diesel Ford Power Train worth more than \$4000 has been presented to Murray State University by Ford Motor Company's U. S. Tractor and Implement Operation.

The tractor will be used in Agriculture 571—Tractors and Field Machinery and Agriculture 670—Advanced Farm Machinery. It will be used for demonstration purposes in these classes to show the Ag students the proper way to repair and maintain a tractor. Textbooks and instructional material is also provided.

The donation, arranged by Earl Forsee, Murray Ford dealer, is part of a continuing Ford Motor

Company program to support the agricultural community. Donated under the company's corporate contributions program, tractor engines are given to qualifying high schools, colleges, universities, and technical schools.

Bill Owens, zone-manager for the South Central District, presented the Power Train to Dr. Harry M. Sparks, president of Murray State.

A total of 103 Ford tractor engines and transmissions—worth more than \$175,000—were donated to educational institutions in 1968. Last year's donations; increased total Ford tractor engine donations since 1961 to 330, with total worth in excess of \$475,000.

## Henry Ward Selected For Seminar Studying Land, Water Use Matters

Henry Ward, publisher of The Sun-Democrat and a former Kentucky commissioner of conservation, has been selected to be a member of a seminar studying the water and land use problems in the Ohio River Basin.

The seminar will be held Nov. 19, 20 and 21 at Cincinnati. It will include representatives of Kentucky, Ohio, Indiana and West Virginia, and will include state and federal officials. It is sponsored by the U. S. League of Women Voters as a part of a special program that is being carried out through a grant from the Water Pollution Control Administration of the U. S. Department of Interior. Forty persons from the four states were selected to participate.

The purpose of the seminar is to help citizens understand the problems, evaluate possible solutions and encourage responsible action regarding the planning for the future of land and water resources.

As a former state legislator, Ward sponsored much of the legislation relating to water and land resources in Kentucky, particularly in connection with soil conservation, flood control, water pollution control and forestry.

As commissioner of conservation from 1948 through 1955, he headed state programs in forestry, state

Henry Ward

parks, and soil and water conservation. During that time, he also served as chairman of the Ohio River Valley Water Sanitation Commission, chairman of the Kentucky Water Pollution Control Commission, chairman of the Kentucky Strip Mining Control Commission and chairman of the Kentucky Soil Conservation Commission. Later, as Kentucky's commissioner of highways, he developed an inter-agency council which coordinated relations among the state departments relating to the effects of highway construction on natural resources.

## Selective Service To Review Undergraduate Students Files

Selective Service Local Boards in Kentucky will be reviewing the files of undergraduate students who appear to be experiencing trouble in completing a proportionate share of their requirements for college graduation each academic year.

The Selective Service Law and Regulations dealing with the deferment of undergraduate students was discussed in detail at the annual conference of the Kentucky Association of Collegiate Registrars and Admission Officers held at the University of Kentucky on November 1.

In order to retain a student deferment it is necessary for the student to complete a proportion of the work each year as relates to the total requirements for graduation. In other words if his major requires 128-hours to graduate, he would be required to complete at least 32-hours the first year, 64-hours by the end of the second year, etc. As long as he completes these requirements, he may be continued to be deferred under current Regulations until he reaches age 24, drops out of school, or graduates, which ever is the earliest. Even after losing a student deferment, an individual may be entitled to a statutory deferment until the end of his academic year, provided, he is a satisfactory student at the time he is reached for induction.

The Association had as its guest Col. Taylor L. Davidson, State Director of Selective Service and the

matter of student deferments was discussed in great detail by the conferees. The State Director expressed an interest in cooperating with the colleges and universities and administering the Law fairly and equitably as relates to students.

In turn, the Registrars under the leadership of their President, Dr. Eddie Morris of the Kentucky State College, agreed to furnish current information on students that may not be making proportionate progress each year.

The State Director said that the Selective Service System will continue to review college students classifications annually and more often if necessary if the student should fall behind in his work.

## TIME TO VACATE

"You say your mother-in-law threw a chair at you?" said the magistrate.

"Yes, sir."

"And then your wife threw a table at you?"

"Yes, sir."

"And what made you leave the house?"

"I saw my daughter looking thoughtfully at the sideboard."

## THREE LITTLE WORDS

"What does the bride think when she walks into the church?"

"Aisle, Altar, Hymn."

## WHITNEL FUNERAL HOME

### How much should a funeral cost?

A funeral service should not cost more than a family can afford to pay. The cost should not be a financial burden on the survivors.

We accept the responsibility of providing funeral services in a wide range of prices that every family can afford.

We can guarantee that our prices are more reasonable than any other funeral home in the city of Fulton, Kentucky.

Our metal caskets and services begin at \$495, other caskets are even lower in price.

Our funeral home facilities are adequate to take care of your needs without having to charge higher prices to pay for elaborate and expensive improvements.

Our friends know that you can depend upon our reputation for dealing fairly with all families that we have served. We appreciate the confidence of our friends who have known us for a long time. These friends are aware of the dignity, sympathy and integrity of a Whitnel Service.

## Fulton City Takes District Grid Title

CADIZ, Ky. — Fulton City scored the first time it had possession of the ball and never looked back in waltzing to a convincing 30-6 victory over Trigg County here Friday night, wrapping up an undefeated, untied season and the Class A, District 1 championship for the Bulldogs.

Fulton, coached by first-year mentor Larry Shanks, will meet District 2 titlist Glasgow next Friday night for the Regional crown.

Trigg County assistant coach Jim Wallace said Fulton was "by far the finest Class A team we have faced this year." He added that the Bulldogs' excellence in all phases of the game — defense, running, blocking and passing.

Fulton stars Dave Peeples and Bill Smith continued to stand out in their specialties. Peeples carried 16 times for 90 yards and a season total of 1,450

yards. He scored two touchdowns to run his season total to 21, tops in the area.

Smith connected on 11 of 17 aeriels for 188 yards and two touchdowns. The performance left him with 18 touchdown passes for the year, also tops in the area.

After holding Trigg County following the opening kickoff, Fulton took over on its own 33-yard line and drove 67 yards for a score with 6:01 to go in the first period, with Smith taking it over from the one.

The Bulldogs again held the Wildcats and Fulton's Dave Winston grabbed the punt on his own 42 and pulled up seconds later in the enemy end zone with 3:53 showing on the clock in the first quarter.

The game slowed down early in the second stanza, so Smith took to the air and hit Peeples with a 23-yard scoring pass midway through the period. Peeples scored again on a one-yard plunge with 19 seconds left in the half to give Fulton a 24-0 halftime advantage.

With the outcome no longer in doubt, the teams battled to an even 6-6 draw in the second half. Trigg scored its only touchdown of the night on a 55-yard run off tackle by fullback Jerry Wilson.

With 10:53 left to play, Smith spotted end Kim Homra open and hit him on a 35-yard scoring pass play for the final tally. Both teams had kicking difficulties and neither was able to score a conversion.

The statistics prove Fulton's domination of the game. The Bulldogs held an 18-9 edge in first downs and a 185-39 advantage in rushing. In the passing department, Trigg County trailed 188 yards to 49 for the winners.

Trigg County, coached by Ken Barrett, is the defending district champion. The Wildcats finished 3-3-0 in district competition and 3-6-0 overall.

Fulton compiled the only perfect record in West Kentucky at 9-0-0.

### Fulton Natives Show Horses In Square Garden

FULTON, Ky.—Read Holland, native of Fulton, and his wife, Cissy, showed their horses in Madison Square Garden this week.

"Precious," their three-gaited mare and "Look At Me," their fine harness horse, both have ap-

peared several times this week. Reed is the driver for "Look At Me," and the horse has competed in shows in Houston, Tex., Lexington, Ky., Cincinnati, Ohio, Illinois State Fair and Kentucky State Fair in recent months and has won either first or second each time.

Reed is son of Mr. and Mrs. W. L. Holland of Fulton. Cissy is a native of Louisville. They now reside in New Mexico.

### Bard Is Named Top Athlete

This week, The Messenger has selected South Fulton's Bill Bard as the Obion County Athlete of the Week.

Bard is a fullback with the desire to hit, and he played a good game of football in the South Fulton win over Obion County Central last Friday night.

Bard repeatedly carried the ball and ground out yardage against the Central line. Central keyed South Fulton's Bob Boyd early, and Bard made enough good runs that the Central defense had to loosen up and this allowed South Fulton to spread its offensive punch to a greater degree.

### Letters To Editor

With the finality of our national election on November 5th 1968, wherein it was declared the Republicans finally through their untiring and patient struggle for so long, are at last afforded the opportunity to emerge and take control of our affairs for management with a President, and Vice, but minority of house, by a very small victory in the national vote.

As having been spoken many times to quote: Lets look at the record. In the year 1932 when the Republican party yielded to the Democratic party such throne, with a balanced budget aggregating our national debt of approximately TWENTY BILLION DOLLARS, no international wars, no internal turmoil, no inflation, and our dollar safety secured by gold support, and a generation traditionally trained in thought of thrift rather than waste.—That was the general terms of such legacy the Republicans surrendered to the Democrats at that time.

Now in reverse of the same token, what do the Democrats hand back to the Republicans through the inherency of said throne by our recent election.—First no balanced budget, and nothing but red ink strewn in national debt to the tune of approximately THREE HUNDRED EIGHTY FIVE BILLION DOLLARS, internal and external turmoil, with our monetary system which is the life blood of a nation so confused, that it is even difficult to distinguish a dime from a penny.

If within the transfer of authority governing administrative possessions of our ideals and assets, be conducted similar to that of individual, or co-operation, it would no doubt involve many Auditors, Accountants, and Bondsmen, to justify effect our present administrative change over.

The impulse of one ancient and worn to receive a legacy under such terms and conditions would be to disclaim any interest therein, knowing it would require the strength of a Hercules, and courage of a Galahad to assume such command.—On the other hand America is youthful, fertile and strong.— All she needs is the willingness of her generation to try and unlearn much of the prevailing

### Sales Tax Question To Be On UC Ballot

After helping vote down the one-half cent sales tax increase during Tuesday's general election, Union Citizens will get a second and final chance to pass the measure as a way of financing the city's proposed \$3 million bond issue.

Members of the City Council, meeting Wednesday afternoon, passed on second and final reading an ordinance calling for a one-half cent sales tax referendum to be placed on the city election ballot Nov. 19.

Union Citizens will also have the opportunity of voting for or against the \$3 million bond issue, of which \$2.5 million would go for a new high school and improvements to existing structures. The remainder of the money would be used to expand and improve Grove Creek Park, to construct a safety building, to remodel City Hall, and to construct arterial streets. A branch fire station may also be included, if it is deemed necessary.

If both the bond issue and the one-half cent sales tax increase are approved, this tax, together with a 50-cent property tax increase (per \$100 evaluation), will be used to retire the school bonds.

Signed,

## His Own Method

LEBANON, Ky. — One of the third grade students at St. Joseph School was sent outside to empty the wastebaskets. He was back in a few moments, much to the surprise of the teacher, who remarked, "you couldn't have emptied them that fast."  
"They didn't need emptying" the lad replied. "They just needed stepping in."

## QUIET

Wrap-around shoulder outside of tire runs smooth, quiet... gives high performance handling on any road surface.

## GRIP

Tractor-type lugs inside of tire give penetration you need to power out of deep snow, and mud.
